Sometimes I come to the conference really needing some quiet time to catch my breath, and sometimes I come with the need to connect with my peers. In addition to high quality PD, the conference always provides me with opportunities to meet those needs!

I've been a private school administrator for 13 years and have found nothing more relevant, engaging, and worthwhile to attend. The focus is the business of running a private school in our state; what could be more relevant than that?

This was a great opportunity to collaborate, get our buckets filled up and learn new things! I am looking forward to next year already!

I sense that MINNDEPENDENT is already a strong organization and still gaining momentum. We're glad to be a part of it.

So much fun and growth all packed into two days! I really cherished the opportunity to network with principals across the state and in all areas of private, independent schools. Thanks for a great two days!
