SCIENCE FROM SCIENTISTS®

# STEM Spark Day

A Science from Scientists (SciSci) STEM Spark Day is a great way to help **ignite student curiosity** through a dynamic hands-on learning experience. SciSci will bring all of the materials needed to **create an engaging grade-level specific or school-wide event** at interactive tables or in class.

**Let's spark a love of science together!**

**Who we are:** Science from Scientists is a not-for-profit 501(c)3 organization with a mission to improve STEM literacy by inspiring the next generation to identify and solve real-world problems.

## Program Overview

- Real scientists lead hands-on, minds-on activities
- All necessary materials provided
- Flexible timing, allowing for the event to be held during the school day, right after school, or in the evening
- Flexible set-up, allowing the event to be held in a multi-use room, outdoors, or within classrooms
- Great for STEM days/nights and as an add-on to school open houses/book fairs, encouraging parent involvement as participants or volunteers
- Multiple lessons and lesson themes to choose from
- Activities are appropriate for upper elementary and middle school

## Program Cost

- Pricing varies depending on the number of youth participants and program duration. We can tailor the experience to your specific needs. For more information, contact [minnesota@sciencefromscientists.org](mailto:minnesota@sciencefromscientists.org).
