

Elevate Your School with Us

Who We Are

Solid Rock Construction is an independently owned and operated construction company servicing Minnesota and Western Wisconsin.

Summer Projects

We completed 110 projects in 45 schools this summer. We work hard to get your projects completed before students return to school.

Full Service General Contractor

We offer a comprehensive variety of services supported by a team of industry experts dedicated to delivering the best value for your budget.

What We Do

We are committed to delivering the highest level of craftsmanship for our clients. Our expertise enables us to manage a wide range of projects. Our services include: building exteriors, roofing, mechanical, electrical, plumbing, boiler replacements, the construction of new build out spaces, classroom remodels, restroom renovations, updating cabinetry, tile replacement, sheetrock and painting, carpet replacement, and much more! We work with you to adhere to your schedule and complete your tasks efficiently.
